## Sierra Foothills Zinfandel Old Vine 2014

With a label inspired by the psychedelic rock posters of the 1960s, Zinfandelic captures the spirit of Zinfandel, California's quintessential wine. The organically farmed old vine vineyards are located in Sierra Foothills, a region renowned for being home to some of the oldest Zinfandel vines in the world.

### Tasting Notes

The high altitude vineyards and sandy clay loam soils yield a bold Old Vine Zinfandel, deep red in color, with rich, bright raspberry and strawberry tart along with a hint of earthiness which adds to its complexity. Medium to full bodied, the old vines impart elegant, intense tannins. The fresh fruit characteristics are balanced by lively acidity, hallmarks of the Sierra Foothills.

### Sierra Foothills

The Sierra Foothills, nestled against the Sierra Nevada mountain range in central California, is renowned for producing California's finest Zinfandels, some of them crafted from 19th-century vines. This organically farmed old vine vineyard is planted on hillsides with soils of sandy clay loam derived from decomposed granite. The warm days and cool evening breezes from the Sierra Mountains promote full ripening of the grapes and a balanced acidity, leading to robust, intensely flavored wines.

### It's Zinfandelic

Zinfandel has always been the quintessential California wine. Taking on the characteristics of the regions where it's grown, the flavor of a California Zin is like the flavor of California itself. It's free love in a bottle, with a vibe all its own - at times mellow, others bold or even spicy. But it's always, dare we say, groovy.
